File is free to use with no gotchas and no hidden fees. We have no file size limit. The cost of that data transfer is covered by your internet service or the data plan on your phone. It is also allowed to link to the download page from websites and communities. If only we could, we surely would! On the other hand,using file can actually save you money. Files can be downloaded from any computer from our high speed servers. Just upload the file you want to share withyour friends and we send you a download link to your file. Using file, you can circumvent those limits without paying to upgrade your team chat service. Simply upload your file and share the link. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. Keep your filesprivate, or send your download links only to friends or family. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, manyteam chat apps have limits to the size of files that can be transferred within their apps. So try our free and simple filehosting service now. There are norestrictions on the number of times a file can be downloaded. Any file in any format can be uploaded and downloaded for free. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from ourservers to your friends device. Our service is completely free for everyone. You can upload any type of file (movies, music, documents, images, zip files andmore). Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. Unfortunately, wecan't make that part free. filehosting provides an easy possibility for you to send large files to your friends. You can give this download link to your friends bymail or instant messenger. You don't need any special software installed to be able to download your files. You decide who you want to share your files with. Alternat
